

Anne Frank House Happenings

AFH benefits from large and small contributions alike. Some are particularly memorable. Just recently Adina Mendelson received a call from a woman who identified herself as Esther Goldenberg. Her 6 year old daughter, Ellie, had been saving money in three piggy banks since Rosh Hashanah and now, for Pesach, wanted to donate the contents ONLY to the Anne Frank House. Ellie had learned about AFH when AFH past president David Cohen spoke to her class at the Jewish Primary Day School. The students adopted a tzedakah project, which involved making and selling mezuzzas to benefit AFH. Ellie arrived at Adina's home with an orange purse stuffed with coins and she proudly made her gift. Adina gave Ellie a thank you note on official AFH stationary. Both giver and recipient thoroughly enjoyed the exchange.
